

## Product Datasheet

Product ID: D551-P18-F03

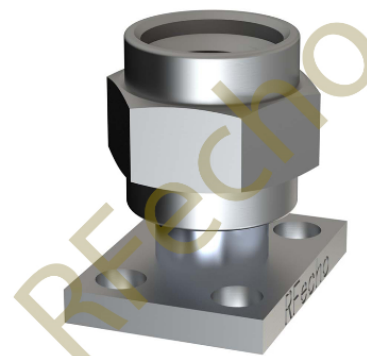

RFecho

A Gateway to RF World

# SuperSMA Plug (Male) 4 Hole .375 x .500 D551-P18-F03

This model D551-P18-F03 is a Connector utilizes the basic PTFE dielectric interface and features low VSWR mode free through 27 GHz and less than -100 dB RF leakage. The thick outer conductor wall provides great durability to assure reliability in repeat mating, enhancing component performance.

### Features

low VSWR  
free through 27 GHz and less than -100 dB RF leakage.

### Available Accessories

50 ohm Seal

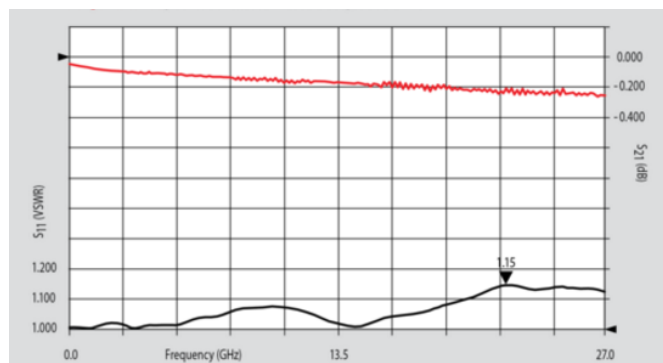

### Applications

Telecom Communication  
Sub-assemblies  
Radio equipment and instruments  
Wireless Communication  
Test Labs  
Instrumentations

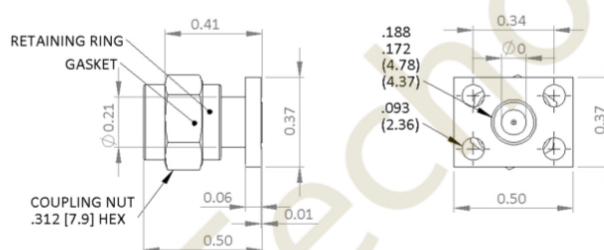

### Electrical Specifications

Frequency	(18-27) GHz
Flange Size	.375 x .500
Mounting	4-Hole Flange
Hermetic Seal Available	YES
Accepts Pin Diameter	.018
Gender	Male
Flange Hole Diameter	0.093
Tools, C-bore	T-291-3

### Isolation & VSWR

### PRODUCT DIMENSIONS

RFecho	SMA Connector	D551-P18-F03
Pin Size (.018)	Max. Pin Depth (.100)	Ø 0 (.1020)
